

**Sustainable Technologies and Research for European Aquatic Management - STREAM  
1<sup>st</sup> SUMMER SCHOOL  
26<sup>th</sup> - 30<sup>th</sup> September 2011, Barcelona - Spain**

Dear Sir/Madame

You are being kindly invited to attend the STREAM - Sustainable Technology and Research for European Aquatic Management - 1<sup>st</sup> Summer School, which will take place in Barcelona between 26<sup>th</sup> and 30<sup>th</sup> September 2011.

The Summer School is one of the dissemination/training activities of the STREAM project, funded within the framework of FP7 ([www.stream-project.eu](http://www.stream-project.eu)).

The Summer School is organised as a short courses of 1 full week (5 working days-excluding travels) for up to 25 participants from different EU and associated or neighbouring countries.

It is open to young researchers (MA, PhD, Post DOC) in water technology or any other related research field (e.g. biology, chemistry, engineering, etc.), water practitioners and researchers from SMEs.

The school will include:

- Papers/case studies presented by the participating alumni
- Work groups and round table discussions
- Presentation of papers by invited speakers
- Evening sessions
- Meetings with the representatives from the European Commission, Industry, regional Governments and international water technology experts.
- Study visits

If you are interested in attending the course, please register by filling in the Application Form on the STREAM website.

For any further information do not hesitate to contact us at the following address: [stream@e4business.eu](mailto:stream@e4business.eu).

Please feel free to forward this email to individuals/organizations that you think would benefit with this training course.

Yours sincerely,

EFB Team
